Dedicated to Unforgettable People:

We will never fail to recall Mr. McMahon and the way he supported so many of us. He has a way of seeing us for whom we are and not just as another student or the grades we get. He looks for the good in people and helps to bring it out. But always a teacher, he also helped us with our studies, whether it was for his class or not. We will always remember the awesome conversations we had, even if you did not have him as a teacher. He is just one of those teachers that will ask you, "How is it going?" and then remembers about it the next time he sees you. Mr. McMahon, we dedicate this to you for being the remarkable person that you are and for impacting our lives as you have.

Mr. Schwamberger is someone to be noted. He cares for his students and encourages them to actually do better not by telling us what do to but by telling us about his experiences to show us what we could do. He discusses topics that matter and are important to our time, which in turn opens our minds to anything else we happen to ignore. He is amazing to talk to and an outstanding teacher. He teaches us lessons that are useful academically and personally. He encouraged us to do more and be more because anything was possible. You helped give us direction and for that, Schwam, we dedicate this to you.

Only great things come to mind when thinking about Mrs. Sockwell. From her correcting our grammar to trying to figure out twitter and how we TURN UP, she shows her dedication to our class. She is an extraordinary woman, who will be remembered for her lovely smile and keeping it real. She is a teacher that supported us and only hopes for the best. You can also always count on her to give you a hug when you are down or just because you wanted one. It can be said that we will be leaving Science Park knowing when to use "done" and when to use "finish". And we'll remember her as fondly as she remembered her English teacher, seeing as she is great with life application in her class. We are eternally grateful to have met and learn from you, which is why we give you this dedication.

For being so influential in our lives for these four years, we dedicate this to you.

Yours,

CLASS OF 14 CLASS OF

Well Wishes from the office

Congratulations Class of 2014!

You made it. You will always be a special part of my fabric as an educator. You were the first class that I welcomed into our Science Park family. Now that our time together has come to an end and reflecting back over the years that we spent together, I am grateful not only that we chose you but also that you chose us. As individuals you are so unique and outstanding that you make my role as your principal inspiring and rewarding. As a collective class, you have forever raised the academic achievement bar here at Science Park High School. Your passion and commitment for constant improvement is unparalleled. As a class you challenged the status quo. When we raised the rigor, your class accepted and succeeded at the challenge. Again, I will like to commend you for all of your hard work over the years. Take some time to celebrate this mile stone, and I wish you continued success.

Mr. Thomas

In the future, when I think about the Class of 2014, I will picture a group of students that were not only strong academically, but also strong in their determination to enhance the community of Science Park High School. I will remember the respectful debates we had about school policy and procedure, the assistance you provided to incoming Science Park High School students, and the laughs we shared at sporting events, dances, pep rallies, school concerts, and field day. It was my pleasure to have assisted you and shared time with you while in high school. I wish you every success and encourage you to come back to Science Park High School and share your post high school experiences.

Congratulations Class of 2014!
Mr. Sawaged

Dear Class of 2014,

No matter how exciting a book has been or how eagerly you looked forward to the next chapter, there comes a time when the story has run its course and the words, "The End" must be read. Then, it is appropriate to close the cover, and put down the book.

Indeed, the time has come to close the book on Science and to move on. Life will continue, but I hope that you will hold the volume of Science close to your hearts, and, from time to time, review the lessons learned, and the people who created each chapter.

I am certain that I will continue to review the contents in my heart; and, I will continue to wish that perhaps there might have been a few more pages.
Thank you for all the good and wonderful thoughts that flood my mind as I remember you.

Congratulations, and I wish you the very best!
Ms. Jackson

I am elated that you have come this far and I have enjoyed working with you and for you. Your class has been outstanding.

"Education does not consist merely in mastering languages, the scientific field, the business world and other professions, but education is also found in that moral training which extends beyond the school classroom to the streets and various avenues of life."

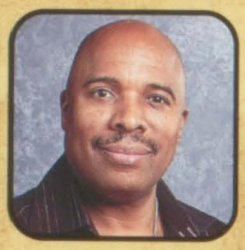

-F. Talford

As you continue your educational journey may you always remember your years at Science Park High School.

Fond Farewell

"I just want everyone to appreciate the visual arts and to pay attention to the beauty in everthing around them."
Marsha Pickett

After several years of teaching students the wonders of art, Mrs. Pickett is going to be a full time artist. In retirement she will be painting 8 to 10 hours in New York, living the glorious life of an amazing artist. Not only did Mrs. Pickett teach students the importance and necessity of learning aesthetics, but also that just because you are looking does not meant you are truly seeing.

IF

If you can keep your head when all about you
Are losing theirs and blaming it on you;
If you can trust yourself when all men doubt you,
But make allowance for their doubting too:
If you can wait and not be tired by waiting,
Or, being lied about, don't deal in lies,
Or being hated don't give way to hating,
And yet don't look too good, nor talk too wise;

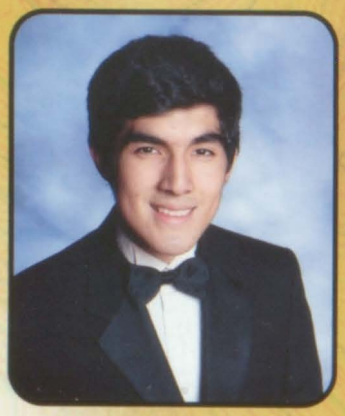

If you can dream---and not make dreams your master;
If you can think---and not make thoughts your aim,
If you can meet with Triumph and Disaster
And treat those two impostors just the same:.
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build'em up with worn-out tools;

If you can make one heap of all your winnings
And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings,
And never breathe a word about your loss:
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the Will which says to them: "Hold on!"

If you can talk with crowds and keep your virtue,
Or walk with Kings---nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much:
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it.

There's always that one person in our life who tells us that we aren't good enough or that we can't make our dreams a reality. We shouldn't let those words of discouragement bring us down. Instead, it should be our source of inspiration. That way when we see that person again in the future, we can show them how wrong they were for doubting our potential.

Garis Silega @gsilega June 2014

Class of 2014 all I want to say is that I'm going to miss you guys. Most of us would agree that these four years at SPHS were a struggle to put it in polite terms. However, we were able to make it through because we had each other's back. Because of you guys I can legitimately say I'm going to miss my time in at SPHS. Good luck 2014!

CLASS OF 2014!! These past four years of my life have been filled with the best memories!! I can hardly imagine myself continuing my life disconnected from the friends I have made. If you were ever close to me during the past four years, believe that I will always remember the good times we had. Now as we part our seperate ways remember that your only limits are the ones you set yourself. Anything is possible, follow your dreams because life is short and in a blink of an eye we'll have lived our lives in some way. God bless each of you! I thank all of you for being in my life. Good luck!!

"You must be shapeless, formless, like water. When you pour water in a cup, it becomes the cup. When you pour water in a bottle, it becomes the bottle. When you pour water in a teapot, it becomes the teapot. Water can drip and it can crash. Become like water my friend."

~ Bruce Lee

Kennia Vasquez @kvasquez June 2014

"Keep away from people who try to belittle your ambitions. Small people always do that but the really great make you feel that you too can become great. When you are seeking to bring big plans to fruition it is important with whom you regularly associate. Hang out with friends who are like-minded and who are also designing purpose-filled lives. Similarly be that kind of a friend for your friends."

~ Mark Twain

Kennia Vasquez

André Vedan @avedan June 2014

"I am my own best friend and my own worst enemy. Before coming here, I was thinking I don't deserve it, that I wouldn't be able to meet your expectations, and that you had probably chosen the wrong candidate. At the same time, my heart was telling me that I was being rewarded because I hadn't given up and had fought to the end."

Aryton Ventura

Life is like a box of chocolates, for you never know what to expect; however, in order to be the very best, like no one ever was, one must expect the unexpected and truly hit it out of the ballpark. Be the best that you can be... and no matter what... NEVER say that you're stupid. EVER. There will ALWAYS be someone there for you, no matter what happens!

Dylan Vieira @dvieira June 2014

It has been and interesting four years. I want to thank all of my friends who have stood by me through everything and for future students just remember that:

"You don't need anybody to tell you who you are or what you are. You are what you are!"

~ John Lennon

Arinn Wade @awade June 2014

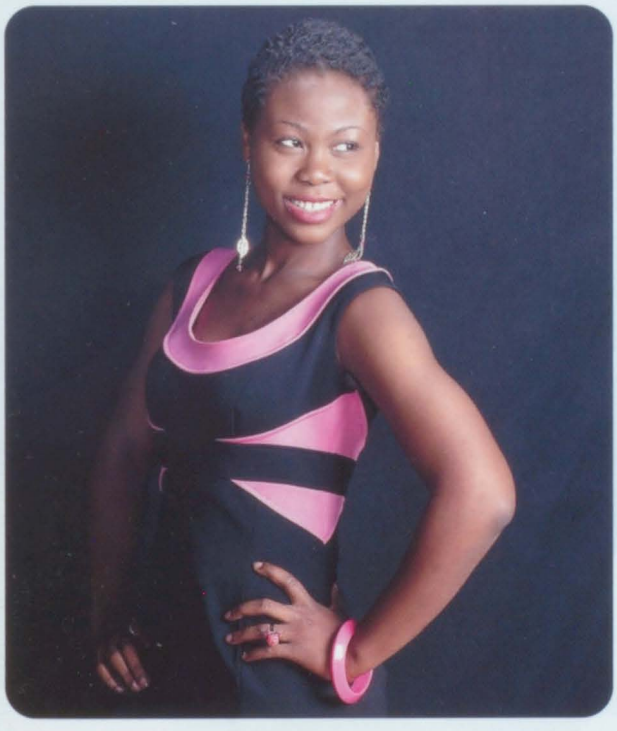

"For God so loved the world, that he gave his only begotten Son, Jesus Christ, that whosoever believeth in him should not perish, but have everlasting life."

~ John 3:16

Honoria Wah @hwah June 2014

In order for any endeavor to be successful, preparation and hard work is a necessity. Also, never allow the negative comments and attitudes of others to affect you; instead use it as a motivating factor to succeed. Lastly, remember to be honest in everything that you pursue.

Jelani Walker @jwalker June 2014

"Education is the passport to the future, for tomorrow belongs to those who prepare for it today."

~ Malcolm X.

Most of us don't want to admit it, but if SPHS wasn't as hard as it was, we would feel cheated and disappointed. Now we can better handle some of the things life will throw at us.

Ashley White @awhite June 2014

"Sometimes we build walls, not to keep people out, but to see who cares enough to climb over…"
~ Kingdom Hearts

Jasmin Williams @jwilliams June 2014

To the class of 2014, I won't wish you guys an easy road in life because one doesn't exist. However, I know after spending years with you guys that you all have what it takes inside of you to get through whatever life throws at you. To my best friends, thank you.

"When you look ahead and darkness is all you see, faith and determination will pull you through."

Island Hopping Santo Espirto - Azores

After winning the contest "Ler em Português" (sponsored by the Rede de Bibliotecas Nacionais de Portugal, Ler + Plano Nacional de Leitura and Fundação Luso-Americana) Science Park High School was able to indulge the prize of traveling to Lisbon, Portugal and Santa maria, Açores during Sprint Break cost free. The three senior IB students – Darrell Real, Roberta Ezike and Soraya Mota – were accompanied by Mr. Libório to Portugal where they were able to "live" the lusophone experience beyond the classroom walls. It was an incredible opportunity for the students to partake in European, history as they discussed monuments, historical sites, and unaltered natural landscapes while also visiting High Schools in both continental Portugal (Lisbon) and its autonomous regions (the Azores).

The Program

"The Every 15 Minutes Program offers real-life experience without the real-life risks. This emotionally charged program, entitled Every 15 Minutes, is an event designed to dramatically instill teenagers with the potentially dangerous consequences of drinking alcohol and texting while driving. This powerful program will challenge students to think about drinking, texting while driving, personal safety, and the responsibility of making mature decisions when lives are involved."

Public Education Not For Sale

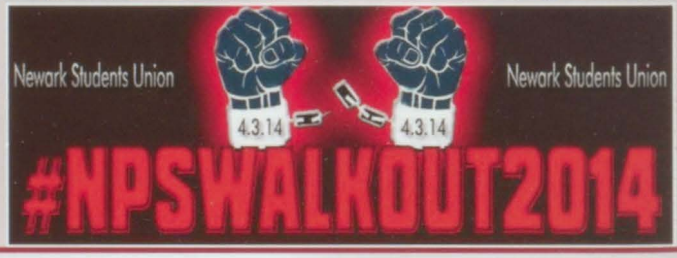

Newark students protest funding cuts and school reorganziation.....

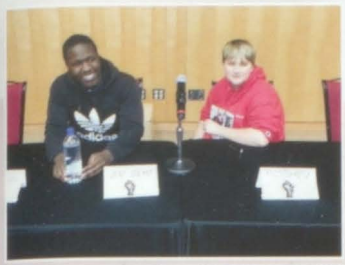

The Newark STUDENT UNION

By Kristin Towkaniuk

Last year NPS was facing a $56 million budget cut. This would either eliminate after school activities or beloved teachers. This was almost an impossible decision for principals across the city. The students felt enough was enough, and we decided to form the Newark Students Union. The last Walkout had about 700 students walk in unison and in protest, to the State Education Budget Hearing. The April 3rd Walkout was protesting the One Newark Plan. This plan takes money away from schools, moves students across the city and even closes some schools. This time on April 3, 2014, over 1000 students from 9 different high schools walked out. We, the NSU, have accomplished so much in one and a half years: We walked out twice, boycotted school, hosted countless rallies, traveled across the Nation to spread our cause, hosted a mayoral forum, but most importantly, we've made sure our message of solidarity with teachers, parents, and community members stays clear. The NSU continues to work hard DAILY to make sure all Newark students have their voices heard.

YOU HAVE BRAINS IN YOUR HEAD, YOU HAVE FEET IN YOUR SHOES...
YOU CAN STEER YOURSELF IN ANY DIRECTION YOU CHOOSE!

Dear Members of the Science Park High School Graduating Class of 2014:

Above all, we are proud of you. You have come to the end of a long journey, and are victorious. Savor the triumph. You earned it.

There is so much we want for you…successful lives, exciting careers, more glorious moments, and public and private happiness. For every day of your lives. We want you to live in peace, surrounded by friends and loved ones, doing what you want to do in the places you want to be. Do all those things. Be all those things.

Soon we will be dropping you off at colleges and universities across America and around the globe, and you will enter the new world of adulthood. You will find it enjoyable, but remember that you will be responsible for what you do. Your words and deeds, increasingly, will matter, to yourself, your classes, your workplaces, your new families, and the world at large. Say what is right. Do what is right. Be what is right, for yourselves and others. Make the change you want to see in your corner of the world, if not all of it.

When you do things, don't be afraid to make mistakes, but make them your own mistakes. Don't repeat ours. Do things seriously, but don't take things too seriously. Practice self-care, and care for others. Put your ideas and energy into action, but remember that older folks have the benefits of distance, time, and perspective. Don't hesitate to turn to them for those benefits. Learn the lessons of the past, apply them in the present, and build a better future.

Above all…remember that while you are now creating your own identities, living your own lives, inscribing your own achievements on the world…you have a family behind you. To support you, comfort you, cheer for you, advise you, hug you, and love you. We will be there for you. Because we are proud of you.
